ENTERPRISE SYSTEMS AND IT SERVICES

DIGITAL RESOURCES a.s.

Since 1997 we have been working in the field of information and communication technologies (ICT). We provide professional services for the deployment of enterprise systems, IT infrastructure including comprehensive IT support. We are focused mainly on DMS/ECM systems, CRM systems, ERP systems and hardware infrastructure. We have created "Intuo - Company Intelligence", a system that offers an opportunity to manage and evaluate selected key processes, achieve better results and improve services to our customers. Furthermore, we are recognized as the most successful Gold Partner M-Files in the Central Europe region. We take care of customers in twenty European countries.

”

Our mission is to help companies use technologies in such a way that their position on the market improves, the effectivity of their work increases and their business processes streamline. All of this is done through a professional team of top experts. Our core values are professionalism and speed.

”

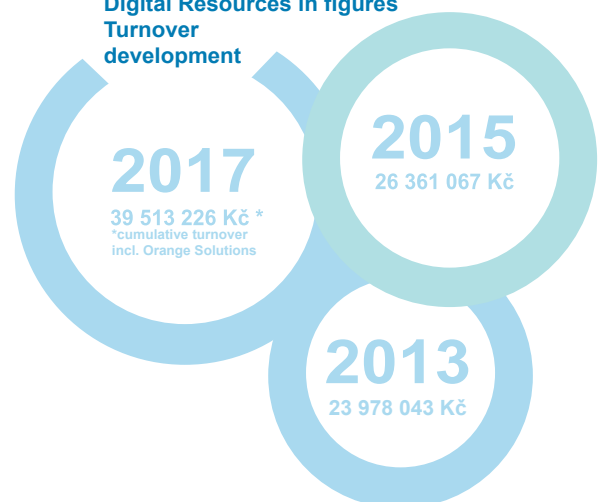

PROFESSIONAL TEAMS OF EXPERTS ATTEND TO OUR CUSTOMERS

We always do our best to fulfil a variety of expectations, requirements and wishes. Therefore, we have created several teams that take care of specific needs of all our Czech as well as international customers.

Document and Enterprise Content Management (DMS/ECM)
Processes, projects and orders management (PM)
Customer Relationship Management (CRM)
Accounting, billing, storage and production (ERP)
Management of operational activities, tasks and employees (Time management)
Performance management, planning and evaluation of companies (BI)

Digital Resources in figures Turnover development
