DIGITAL RESOURCES

ENTERPRISE SYSTEMS AND IT SERVICES

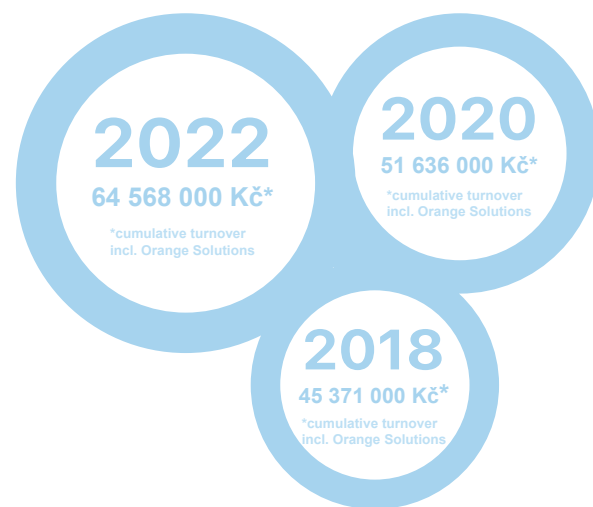

DIGITAL RESOURCES a.s.

Since 1997 we have been working in the field of Information and Communication Technologies (ICT). We provide professional services for the deployment of Enterprise Systems and IT infrastructure including comprehensive IT support. We are focused mainly on DMS/ECM systems, CRM systems, ERP systems and IT infrastructure. We have created flexible CRM system Intuo - Company Intelligence, that makes it possible to effectively manage and evaluate individual key processes and achieve better results. Furthermore, we are among the Global TOP 10 partners of the DMS/ECM system M-Files with operations in 19 European countries. We take care of hundreds of customers and thousands of users of our systems.

Our goal is to help companies use technology to improve their processes and thereby achieve greater efficiency. We build professional teams of specialists in our field, and our services achieve above-standard quality. The core values of our company are professionalism, flexibility, positive attitude and fair play.

PROFESSIONAL TEAMS OF EXPERTS ATTEND TO OUR CUSTOMERS

We always do our best to fulfil a variety of expectations, requirements and wishes. Therefore, we have created several teams that take care of specific needs of all our Czech as well as international customers.

- Information and Document Management (DMS/ECM)
- Processes, projects and orders management (PM)
- Customer Relationship Management (CRM)
- Accounting, billing, storage and production (ERP)
- Management of operational activities, tasks and employees (Time management)
- Performance management, planning and evaluation of companies (BI)
- IT infrastructure management
- IT projects management
- Data security and centralization
- Professional consultations towards IT development
- Hardware and software supplies
- Cloud services
- IT services in compliance with global standards - in case of headquarters located abroad

THREE REASONS TO BECOME A DIGITAL RESOURCES CUSTOMER

- 1 Comprehensive solutions in the field of Enterprise Systems and IT services
- 2 Individual approach based on your needs and requirements
- 3 Professionalism and reliability
